

Volunteer Recruitment Form

Name _____ Phone Number _____

As you know, MCA must work hard to keep costs to a minimum while also offering a quality education program here in the northeast. Creative fundraising has been added to our already-busy schedules and full plates as staff members. We realize you are busy as well; yet, would you consider volunteering a minimal amount of time to help MCA's efforts? Even one hour per week can make a world of difference. There are even ways you can help from your home.

Please look through the list and select the way(s) you can help this year. Your contributions in these areas truly add much to your children's educational experience.
